Fairhaven Adult Day Service

3568 Montrose Road, Niagara Falls

*"A place to Communicate!"*

Join us for a **free session!**

**Call: 905-371-1569**

### What is Aphasia?

*"Imagine if the last sentence you say tonight is the last full sentence you will say for the rest of your life."*

Stephen Goff,  
person with aphasia

Aphasia is a communication problem, usually resulting from a stroke or injury affecting the language areas of the brain.

Aphasia is a problem with language, not a problem with thinking or intellect.

Aphasia can vary from mild to severe.

**Do you have aphasia?**

**Does your friend or loved one have aphasia?**

*The Fairhaven Day Program in Niagara Falls is one of the Seniors Community Programs run by the Niagara Region.*
